Beginning of the end for Greek tragedy

EXARCHEIA: ATHENS' ANARCHIST QUARTER

The neighbourhood has long been a hotbed of opposition to the establishment. It was here that, in 1973, the Athens Polytechnic uprising took place, which students demonstrating against the dictatorship were met with a tank, killing 24. In 2008, violent riots erupted here, with residents setting police cars alight at the police shooting of a 15-year-old boy.

VICTORS: President of New Democracy Kyriakos Mitsotakis

Mitsotakis stands with the Attikos in the background during an election rally in Athens.

partners and enemies. This movement was led by the left-radical group to jointly review and aggressing.

Political violence in Greece began in 1967 and continued until 1980. After left-wing groups and left-wing incidents with the government with thousands of people having taken place during the decade of the 1980s, eventually before Syriza took into power. Chaidaros-Kios and extremism have been particularly prominent among yong people. While many are politically apathetic, those who do engage tend to do so in regard with the anti-austerity movement. Golden Dawn drew most of its supporters from the 15-25 age group, while Syriza has consistently tapped the polls in this group. The two leaders grapple in a difficult climate.

Beginnings of the end for Greek tragedy

The country's elections bring to an end a traumatic decade, says ROMAN GERODIMOS, and the opportunity to start a new chapter.

As polls closed in Greece on Sunday night, with polities predicting a significant victory for the right-wing New Democracy party, the future of Greek politics is uncertain. The country has been receiving a steady stream of negative headlines, with the eurozone crisis and the ongoing financial debt crisis casting a shadow over the country's future. The election results will likely have a significant impact on the future of Greek politics and the country's relationship with the European Union.

The country has been in a state of crisis for several years, with the debt crisis and austerity measures causing widespread economic hardship. The election results are likely to have a significant impact on the country's future, as the new government will need to address the country's economic challenges and work towards a more stable future.

The country's politics have been dominated by the left-wing Syriza party, which has been in power since 2015. However, the new government, led by New Democracy, is expected to be more conservative and to implement austerity measures to reduce the country's debt. The election results are likely to have a significant impact on the country's future, as the new government will need to work towards a more stable future.
